Maine

Dear Mr. Bosowics:

This letter is to thank you for your cooperation during the 1978 bear hunting season. The biological information that you gathered will be very helpful to this Department, sportsmen, and our bear population.

To show our appreciation we have enclosed an "Award of Merit" and are providing you with a complimentary one-year subscription to our Department's Fish and Wildlife Magazine.

Thank you again.

Sincerely yours,

Maynard F. Marsh  
Commissioner
