Dear Wayne:

I have been meaning to write and thank you for an outstanding hunt. It was truly first class and has given us many memories we will long cherish.

I enjoyed the time spent together and the opportunity to learn more about you and your operation. It was fascinating. Your knowledge of bear and their habits and the country you hunt were very impressive. It became apparent, though, that much of your success is the result of plain hard work and a commitment to giving your clients the best quality hunt.

I can honestly say that I know very few outfitters that take care of the details like you do. And, as you know, those details can mean the difference between a successful hunt and a walk in the woods.

So, for my Dad and me, thanks again to you and the Foggy Mountain Staff for all you did to make our first bear hunt a truly memorable one. With warmest personal regards, I remain

Sincerely yours,

Thomas Ackerman
