Dear Wayne:

Just a short note of thanks for again showing me a first-rate, top-notch hunt.

The new Ontario camp and hunting area are great, super bear area and comfortable accommodations. No doubt the hunting-fishing to be had in the years to come on your Ontario turf will be better than anything like it in North America.

There can be no doubt that spring bear hunting in your part of Ontario has no equal, and the hard work of you, Frank and the rest of the Foggy Mountain crew were much appreciated during my stay.

Thanks again for a great Canadian spring bear hunt, and I'll look forward to getting back up that way again soon.

TRM/cr

Best regards,

Bob McNally
